

Board and Batten Exterior Shutters

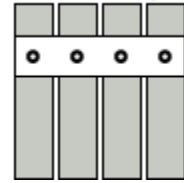

Shutter Panel Specifications:

Board Depth: 7/8"
 Vertical Boards (A): 3.5"
 Horizontal Boards (B): 3.5"
 Open Weave Spacing (C): Approximately 3/4"

Closed Weave

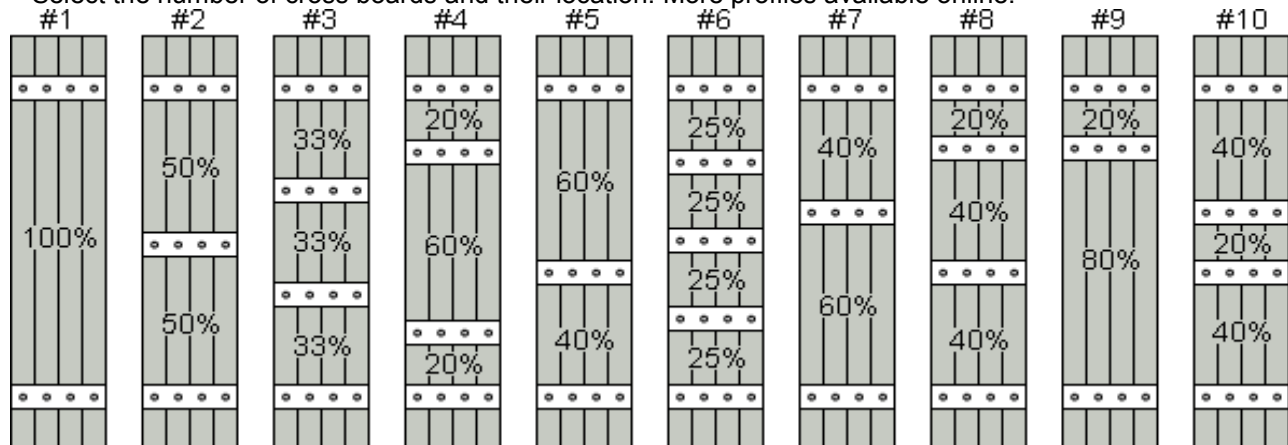

Open Weave

Closed Weave or Open Weave spacing.
 Constructed from durable vinyl, fully assembled ready for installation.
 Standard panels are made with stapled multi-piece components.
 Board and Batten shutter panels are made with an open back.
 All shutters have an authentic wood grain appearance and beaded detail.
 Board & Batten shutters are available in one color or a combination of two colors.

Board and Batten Shutter Profile:

Select the number of cross boards and their location. More profiles available online.

Available Sizes:

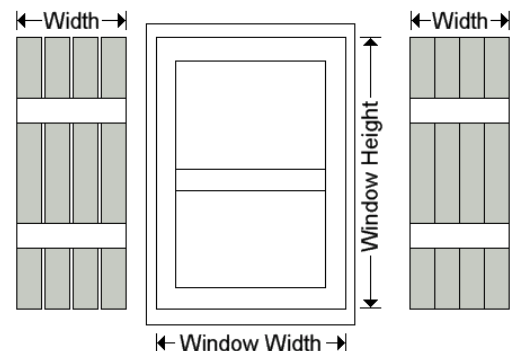

Heights in full 1/4 inch increments.

23.875" (7 boards)	28.625" (7 boards)	20" - 64"
27.25" (8 boards)	33" (8 boards)	20" - 54"

Measure:

Width: Shutter width depends on the space available around a window, as well as desired appearance. For an appearance of functioning shutters, shutter width should be about half the width of the window (not including the frame), although not required for non-functional vinyl shutters.

Height: Measure the height of each window or door (sash) and order the shutters in the same heights (do not include the frame of the window or door in your measurements).
